DOGS IN VEHICLES ON HOT DAYS

Your dog is vulnerable and at risk during hot weather and the Kennel Club offers the following guidance to help guide you through the do's and don'ts travelling to and whilst at KC licensed events.

- When travelling to a show please take a moment to consider whether the route to the show is on a busy holiday route, and leave earlier to avoid increased time in traffic jams.
- If your vehicle is not air-conditioned seriously consider whether travelling to the show is a good idea at all.
- The vehicle should be as fully ventilated as possible, and plenty of stops should be taken, with lots of water available to drink.
- Ensure your dog is not sitting in full sunlight. There should be plenty of free flowing air around the dog.
- When at the show, never leave your dog in the vehicle.
- Keep the dog in the shade – take your own shade for example a large umbrella and always have plenty of water available to drink so your dog stays well hydrated.
- Avoid your dog taking part in unnecessary exertion, or from standing in exposed sunlight for extended lengths of time.

Remember, if you feel hot your dog is very likely to feel much hotter and dehydrated, and this could lead to dire results. Please look after your dog's welfare.

WARNING: IF YOUR DOG IS FOUND TO BE AT RISK FORCIBLE ENTRY TO YOUR VEHICLE MAY BE NECESSARY WITHOUT LIABILITY FOR ANY DAMAGE CAUSED.

Anyone whose dog is entered at a Kennel Club licensed event should take all reasonable steps to ensure the needs of their dog(s) are met, and should not put a dog's health and welfare at risk by any action, default, omission or otherwise.

Breach of Kennel Club Regulations in this respect may be referred to the General Committee for disciplinary action under Kennel Club Rules and Regulations.

Right to Refuse Entries: Exhibitors/Competitors are reminded that show societies have the right under Kennel Club Regulation to refuse any entry.

Your dog is vulnerable and AT RISK if left in a vehicle in high temperatures and even on days considered as slightly warm - Please take care of your dog

If your dog is found to be at risk forcible entry to your vehicle may be necessary without liability for any damage caused

IMPORTANT MESSAGE FROM THE BOXER BREED COUNCIL HEALTH COMMITTEE

Juvenile Kidney Disease has been reported as a possible health problem in Boxers. So far, the reported cases are consistent with an occurrence of less than 0.1% within the UK Boxer population however we cannot be complacent and this number may simply mean that not all cases are being reported. Boxer Breed Council is therefore encouraging the whole Boxer community to get involved in identifying and reporting cases to allow us to research the condition thoroughly. The symptoms seen are increased thirst and therefore an increase in urination. Loss of appetite, weight loss, stunted growth, lethargy and vomiting are also seen in most cases. When the kidneys are examined by ultrasound they are smaller than normal and often uneven in shape. Symptoms usually start between four months and two years.

If you know of a possible case please e/mail boxerhealth@btinternet.com and you will be sent all the details of what you need to do by return. Reasonable expenses which are incurred in providing samples will be covered by Boxer Breed Council. All reported cases will remain confidential to the Boxer Breed Council Health Committee and its scientific advisers.

Further details, including Questions and Answers, are available on the health pages of the Breed Council website www.boxerbreedcouncil.co.uk
